**To Whom It May Concern:**

**Dr. Stuart Robertshaw's message about the healthy aspects of humor is delivered in the most enjoyable way – through laughter. Recently, members of our accounting and consulting firm and some of our clients enjoyed an evening with this talented man and the laughter was non-stop.**

**Although the room was filled with CPAs (not known their sense of humor) they enjoyed every minute of his talk and several chimed in with their own quips as the evening progressed.**

**Some of the comments we heard afterwards included:**

*"I haven't laughed this hard in a long, long time."*

*"It felt great to relax after the day-long seminar with something fun."*

*"Dr. Humor was my favorite part of the program."*

*"It was nice to have something lighter in the program!"*

*"Dr. Humor was something different and extremely enjoyable."*

*"After being in the seminar for a day and a half, it was good to have a break. Dr. Humor was the perfect touch."*

**In addition to being a funny, enthusiastic and spirited speaker, Dr. Stuart Robertshaw is also masterful at involving the audience, drawing them into his "circle" and developing an intimate, friendly environment. For our group, it provided the perfect relief after a long day of relatively dry speakers and presentations.**

**For anyone seeking a healthy dose of laughter, I'd highly recommend Dr. Humor.**
