**TO WHOM IT MAY CONCERN:**

Last week we had the good fortune of having Dr. Stuart Robertshaw, AKA "Dr. Humor", speak at our annual Casualty Management Training Conference.

His material and presentation was a perfect fit as a stress releaser and was enjoyed by everyone. They say laughter is good for the soul and by the end of the program even Ebenezer Scrooge would have been laughing to the point of tears.

Beyond the humor there is a continuing strong message on the power of laughter as it relates to personal health and interpersonal relationships.

Dr. Humor brings a unique approach and gears his material to the overall audience. I would not hesitate in recommending his services to anyone who is in need of a respite from the daily rigors of life.

Very truly yours,

Brian R. Toole
