

To: Potential Dr. Humor Clients

Menasha Corporation recently engaged Dr. Stuart Robertshaw, "Dr. Humor," to present at our semi-annual corporate leadership conference. He was our after-dinner speaker, which usually causes people to groan. However, just the opposite happened. After dinner the room was filled with howls of laughter and enjoyment. Many in the audience said he was the best after-dinner speaker they had ever encountered.

Dr. Humor positioned his presentation, his great humor, around our theme and objectives for the meeting thus making it not only a fun evening but relevant to what we were trying to accomplish.

I heartily recommend Dr. Humor to you if you want an outstandingly humorous touch in your meeting.

David H. Rust
Chief Human Resources Officer
