Dear Stu,

I want to thank you on behalf of the planning committee for the 7th Interregional Educational Symposium for Nurse Practitioners, Physician Assistants, Certified Nurse Midwives and Nurse Anesthetists that took place August 7-9, 2003 in Monterey, California. We had more than 400 attendees including some of our top administrators.

All disciplines received continuing educational credits for your presentation.

Each year we invite a motivational speaker for our Saturday morning keynote address. This year was no exception. Since I had already seen you present similar material it was a double delight to watch the attendees respond to your delivery. I particularly enjoyed the factual data you presented regarding how valuable and healing humor is to our body and soul. The added benefit of standing and involving us in the exercise portion of your talk was particularly stimulating.

The following are direct quotes from the evaluations received:

Excellent/Invigorating/uplifting/refreshing/energizing/Awesome

"Aunt Albina used to say "when you love your sense of humor, you will love your mind"

Worthy of encore/bring him back

Interesting data regarding chemical change that occurs with use of humor.

Really engaged the Audience.

Good reminder not to take life too seriously.

Dr. Humor was right on. Love this man!

This one session made the entire conference a smashing success in my eyes!

Definitely increased my endorphin level 3x. Thank you for creative practical advice.

Appreciated link to patients and science.

One of the best speakers I have ever heard! I haven't laughed that hard I a long time-it felt great!

So as you can see my thoughts and feelings were echoed by the crowd. I heartily endorse you and do hope that we can bring you back some day. Until that day we wish you good health, happiness and continued good humor.
