

To Whom It May Concern,

As the Continuing Education Chairperson for the State Constituent Chapter of the American Academy of Physician Assistants I had the delight of discovering Dr. Stuart Robertshaw aka Dr Humor for the keynote speech to the 175 assembled healthcare providers.

His message was informational, inspirational, and just plain hilarious. His presentation was so thoroughly enjoyed that we invited him back to the same audience this past year. He received some of the highest marks possible from our post conference evaluation.

Having had such outstanding success with Dr Robertshaw's topics, he was invited to speak at the Annual Emergency Medical Providers Appreciation Event, and again for the community at large for Springfield Hospital, in Springfield Vermont. A whole new audience was exposed to his wonderful message, and again he was thoroughly entertaining.

No matter the mix of the audience he hits a 'home run' with every presentation. Long after the lecture, as the folks are finally able to catch their collective breaths. they exit, still smiling.

I highly recommend that any organization looking for a quality, entertaining, keynote should try Dr Humor once, and like myself you will have him back again.
