Rolf D. Reitz, Professor

To Whom it May Concern:

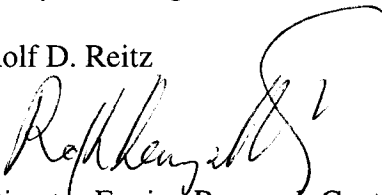

My colleagues and I thoroughly enjoyed Dr. Humor's after-dinner presentation at our 15th annual Institute for Liquid Atomization and Spraying Systems (ILASS) conference banquet. His clever presentation and infectious giggle really changed the usually serious tone of our international engineering meetings.

It was refreshing to watch Dr. Humor ribbing old venerable professors while they guffawed and shed tears in response. Even his "naughty" jokes elicited a hearty response from the usually staid audience. A veteran colleague said that "it was the best banquet Keynote lecture we have had in the history of the society".

Presentors at the technical meetings the next day even made reference to Dr. Humor's anecdotes.

Many thanks again to Dr. Humor for a wonderfully entertaining evening.

Rolf D. Reitz

Director Engine Research Center
ILASS Chairman (1999-2002)
