To Whom It May Concern:

The Western Association of College and University Business Officers (WACUBO) recently held our annual meeting in San Diego, California. As Chair of the Program Committee I was responsible for organizing the speakers for the meeting.

I am happy to report that Dr. Stuart Robertshaw, a.k.a. Dr. Humor, received the highest marks from the membership in the evaluations we received. His presentation is a good mix of humor, using examples of humor in our daily lives, with observations about human behavior that apply to any industry.

I can say that I recommend Dr. Humor without reservation if you are looking for a unique presenter who will definitely connect with your audience.

Sincerely,

William L. Everhart

Chair, Program Committee – WACUBO
